**SPIKE DRILLING TANK BATTERY OIL SPILL RESPONSE, DAMON, FORT BEND COUNTY, TEXAS:** On June 9, 2017, EPA wawars notified by a Texas Parks & Wildlife Game Warden of an oil discharge in Fort Bend County. The discharge of 130 barrels (bbls) of oil and 130 bbls of produced water was reported to have occurred Sunday, June 4, 2017 in Fort Bend. Over five miles of Cow Creek, a tributary of the Brazos River, was impacted. Spike Drilling is reported as the Responsible Party. The discharge was not reported to the National Response Center (NRC). The spill occurred through a failed fitting on the bottom of one of the produced water tanks. The tank battery consists of four tanks, two produced water and two oil tanks and does not appear to have secondary containment. **(Carroll, x2220)**
